The Despot's Accomplice: How the West is Aiding and

the despots accomplice how the west is aiding and abetting the decline of democracy The true culprits are dictators and counterfeit democrats. But, argues Klaas, the West is also an accomplice, inadvertently assaulting pro-democracy forces abroad as governments in Washington, London and Brussels chase pyrrhic short-term economic and security victories.

The Despot's Accomplice: How The West Is Aiding And

the despots accomplice how the west is aiding and abetting the decline of democracy Jason Sumich describes The Despot's Accomplice: How the West is Aiding and Abetting the Decline of Democracy by Brian Klaas as a well-written and engaging volume around the author's vision of democracy although it would have benefitted from a serious engagement with differing opinions.

Book review: the despot's accomplice: how the West

the despots accomplice how the west is aiding and abetting the decline of democracy The recommendations found in The Despot's Accomplice offer a fascinating and innovative approach to this topic. These include pragmatism, such as offering a ruling despot a "way out" if they have lost an election and fear retribution from the victor. Klaas describes how often there is no incentive for despots to relinquish power; in fact,
